TWO DIED in this spectacular accident on Lovejoy rd. Sunday evening. The car came to rest on its roof, as pictured here, and four of the five persons in the vehicle were trapped there until a wrecker was able to pry the doors loose. Full details in the news story below. (Staff Photo)

### 2 Killed In Car Crash

In a spectacular early-evening accident Sunday, two men lost their lives, and three others were seriously injured when their car slammed into a tree on Lovejoy rd. The vehicle flipped over on its roof, trapping four of the occupants inside for over a half hour. Only the arrival of a wrecker from the Shawsheen Motor Mart enabled police to get the doors pulled loose. Rene Bellanger, who operated the wrecker, was able to crawl into the car and pry loose the twisted metal that held the occupants. An additional problem resulted from golf carts and golf clubs, which had fallen around the victims. Killed in the crash were the operator of the car, Albert D'Ardo, 39, 15 Marshall st., North (Continued on Page Three)

### Propose Plan For 7 Years

A capital expenditure program for seven years has been tentatively presented to town officials, which would cost nearly 9 1/2 million dollars. The consulting firm of Adams, Howard and Greeley prepared the report for Town Manager Thomas E. Duff, and will further revise the figures before presenting a final recommendation by budget time. The plan lists actual expenditures from tax revenue or available funds, during the seven years, as \$5,410,100. The remaining amount would be covered in bond issues which will not mature during the seven years. (Continued on Page Ten)

### Frank Mooney Will Be New Postmaster

FRANCIS J. MOONEY

Francis J. Mooney has been named "acting postmaster" - and presumably will be designated as the permanent postmaster after taking a civil service examination. Announcement of the appointment came from the office of Senator Benjamin Smith in Washington, which was reached by telephone by the Townsman. A spokesman there said a non-competitive examination will be held, according to normal procedure, prior to a final appointment. Mr. Mooney has been serving

as "assistant postmaster in charge" of the local office since June 29 of this year. A career postal employee, he joined the local service Oct. 26, 1936 and was appointed assistant postmaster July 1, 1945. He served for many years with Stephen A. Boland, whose retirement this year created the vacancy. Confirmation of the appointment in Washington ended months of waiting for Mr. Mooney, and for several other local men who had

### Promise Decision On Renewal By Oct. 10

#### Brook Project Moves Forward

Rogers Brook bids will be advertised during the last week of October, according to word received from Representative Arthur Williams. He quoted Waterways Division Director John Bradford as stating that all other details can be cleared up by that time. Usually, at least 15 days is allowed for bids, followed by an award. This would bring construction to mid-November. However, Rep. Williams noted that the open work can be done, as long as there isn't too much snow. Some of the concrete work would possibly be delayed, if the weather is too harsh. Town Manager Thomas E. Duff and the Selectmen will have a chance to look at the latest plans - and the specifications - before (Continued on Page 15)

#### Forum Will Be Held That Night

The Selectmen are headed for a show-down on Urban Renewal. Chairman Russell G. Doyle told the Townsman this week that the Board will come to grips with the problem, and try to reach a decision, prior to Oct. 10. That night, the Board of Trade has invited the Selectmen, Planning Board and Finance Committee, along with all interested citizens, to a discussion meeting. To be held in the Memorial Auditorium, the session is designed to get some final facts and opinions from officials of the town, and from the Housing Authority, which is responsible for the Urban Renewal plan. Trade Board president Raymond B. DeRuisseau, in announcing the meeting, commented that it seems necessary to get some plain facts, and some expressions of opinion, from the town boards most concerned with the proposal. Mr. Doyle, who has been urging his Board to make up its collective mind on the subject, feels that (Continued on Page 15)

### Anticipate New High School

Andover may have a new high school by 1965, or even sooner. Steps leading to the request for an appropriation were to be taken last night at the School Committee meeting, following hard on the heels of a recommendation that a full appropriation of \$2,300,000 be sought in 1963. Planning consultants Adams, Howard and Greeley urged the town to start the school promptly, to be ready for the anticipated need in 1965. But the words were hardly out of planner Jack Schoop's mouth when School Board Chairman Robert McIntyre startled the meeting of town boards by predicting that needs of 1965 must be met in 1963, based on growing school population. **Swampscott Beat Andover, 18-14**

Swampscott narrowly edged the Blue Devils of Andover High last Saturday, 18-14.

The local team led, 6-0, in the third period, but Swampscott scored all of its points in that period. The first came after Swampscott took over on the Andover five, after a center snap went over the punter's head. That, with two-points added by rushing after the TD, put Swampscott ahead 8-6. Then Swampscott mentackled Andover's Jim Brent in the end zone, for a safety, adding two more.

Later in the period, Swampscott drove 36 yards for a touchdown, added the two points, and was ahead, 18-6.

Andover's Kent Warner scored from the five, and the two points were added, during the fourth period. In the opening period of the game, Ralph Dockray scored from the 10.

Danvers is at the Playstead Saturday, after their 6-6 tie with Gloucester.

**Will Organize Sanborn PTA**

Parents and Teachers of the Henry C. Sanborn Elementary School children are cordially invited to attend an open-house meeting for the formation of a Parent-Teachers' Association, the evening of Oct. 3.

The gathering will begin in the Cafetorium with a get-acquainted meeting at 8 o'clock, continue with a tour of the new building, and conclude with refreshments and the opportunity for socializing.

The unofficial committee, which has been meeting during the summer, asks that all interested parents come to get acquainted with the school, the teachers, and other parents and enthusiastically participate to make this new organization a challenging and worthwhile success.

**LOCAL BOYS AT MOUNT HERMON SCHOOL**

Among the 575 boys enrolled as the 82nd school year opens at Mount Hermon School, are Peter J. Anderson, son of Mr. and Mrs. Austin E. Anderson, 170 Chestnut st.; Stephen J. **2 KILLED IN CAR CRASH**

(Continued from Page One)  
Reading and Alan Finn, 36, 10 Marshall st., that town.  
In the Lawrence General Hospital at this writing are Mrs. Eleanor DiNardo, whose condition is said to be improved; Warren Schaefer, 36, 12 Marshall st., North Reading and his wife, Clementine. Mr. Schaefer was thrown out of the vehicle after the impact.  
Police are still attempting to reconstruct the details of the accident at mid-week, and are also awaiting the medical examiner's report.  
They stated that the group of five had been at the Indian Ridge Country Club, which held open house over the weekend.  
Mrs. Barbara Puzio, 40 Lovejoy rd., in front of whose home the accident occurred about 7:30, notified police.  
When Officers Donald Howard and Jacob Jacobson arrived, four persons were trapped in the car, while Mr. Schaefer was thrown clear. Officers William Tammany, Roy A. Russell and Arthur Manock were also assigned to the scene.  
Lt. William T. Downs was in charge of a fire department detail sent to the area to wash down gasoline spilled from the wrecked car.  
Pressed into use for ambulance duty was the Lawrence Fire Department ambulance, which helped take the victims to the hospital. The police department station wagon, now serving as the town's only ambulance, also was on hand for duty.  
The car struck the tree on the left front, then spun around the tree and flipped onto its roof. The radiator was pointed towards Lovejoy rd., as it came to rest on the lawn.  
Many neighbors gathered at the scene, and there was considerable speculation as to whether the solid white line on the road might have been mistaken for a center stripe. The line is a short distance from the edge of the paved road, and is designed to mark the area where children can walk to and from the new Henry C. Sanborn School.

Miss Janet Workman, daughter of Mr. and Mrs. William Workman of Beech cir., left recently to assume her studies at Northwestern University, Evanston, Ill.

**Ambulance Here By Next Week**

A replacement ambulance should be on duty at the fire station, at least by the first of next week.  
Bids on a new vehicle were opened Wednesday morning, and included in the specifications was a temporary replacement, until the new ambulance can be delivered.  
Town Manager Thomas E. Duff said action to transfer funds for the purchase of a new vehicle should be approved late this week and the successful bidder will immediately provide a replacement for the town's broken-down emergency vehicle.

Bids were received from H. P. Woodworth of Shawsheen, on a Superior Cadillac, net \$11,383; Ambulance and Hearse Sales of New England, Lexington, a Motor-Meteor Cadillac, \$12,250; and from Jewett's Sales Corp. of Worcester, \$13,592.60. Bids are currently being studied, before an award is made. The Lexington firm also offered two alternates, which Mr. Duff said are not being considered.

### League To Hear About Renewal

Urban Renewal Director Ernest N. Hall, Town Manager, Thomas E. Duff, Selectmen, B. Allen Rowland, William Stewart and chairman Russell G. Doyle, Planning Board Members Virginia Hammond and Robert Goodwin will attend the "fact presentation" unit meetings on Urban Renewal of the Andover League of Women Voters which are scheduled for Oct. 2 and 4.

In order that all the available information about Urban Renewal may be presented to the widest possible number of citizens, the League is inviting all interested men and women of the community to attend these unit meetings.

Mrs. Bernard Ristuccia, chairman of the Urban Renewal Study Committee of the League, emphasizes that although the League has studied the question of Urban Renewal in Andover for the past two years, the League has taken no position on Urban Renewal.

Tuesday unit meetings are scheduled for 9:45 a.m. at the home of Mrs. J. S. Barss, Hidden Field, Phillips Academy; and for 7:45 p.m. at the home of Mrs. D. B. Woodworth, 22 Wolcott ave.

Mr. Hall, Mr. Rowland, and Mrs. Hammond will attend the Tuesday morning meeting, and Mr. Stewart and Mr. Goodwin will attend the Tuesday evening meeting.

Thursday unit meetings are scheduled for 9:45 a.m. at the home of Mrs. Robert Popiel, 25 McKinney cir., and for 7:45 p.m. at the home of Mrs. Nathan Tufts, 41 Porter rd. Town Manager Duff will speak Thursday morning, and Mr. Doyle Thursday evening.

Mr. Hall, Urban Renewal director, will attend all four unit meetings.

### Community Concerts Planning Drive

The yearly one week drive for membership in the local Community Concerts Association was launched Sunday with a buffet dinner at 6:30 in the Fiesta Room of Speare House, Lowell. Representatives of the Greater Lawrence area were on hand for membership kits and up to date information on guest stars for the coming year.

As in the past, the series will offer a group of outstanding attractions designed to bring the best of the music world to the area in the 1962-'63 season. The Community Concert plan has made concerts an established institution for approximately 1,000 communities of all sizes on the continent. It brings to the small community the attractions usually only available in Carnegie Hall and similar areas of huge populations. Concerts locally usually are held in the Little Theatre at Lowell State College.

Those attending the kick-off dinner and who may be called for further information include: Miss E. Evelyn Kellett, Lawrence, Chairman of the 1962-'63 membership drive; Miss Judith Branz, Mr. and Mrs. Albert Baer, Mrs. Paul P. Gyrsting, Mrs. Marion Kaye, Miss Mary Lanigan, Miss Charlotte Shaw and Mrs. J. J. Tavern.

Miss Grace Lake is the president of the Woman's Union. Devotions will be lead by Mrs. James Watt. Mrs. Harold Colburn is the hostess for the evening.

### Homemaker Service To Be Provided

A new United Fund agency - the "Homemaker Service" - is recruiting help.

Mrs. Cathleen J. Sheehan, director, is looking for any interested woman, who will be interested in working as a "homemaker" during family emergencies. Such a person would be provided for a family if some crisis threatened to disrupt the household.

She would do light housekeeping, cook, take care of children and run errands - but her primary task would be to act as a homemaker, not a domestic.

A recruiting committee is busy looking for volunteers, and feels that many older women may be interested in this activity, although they are not specially interested in commercial employment.

The office of the service is located at 31 Jackson st., Lawrence, and inquiries may be made there.

### SHANTALER ABOARD USS SARATOGA

David G. Shanteler, fireman apprentice, USN, son of Mr. and Mrs. George A. Shanteler, 77 Haverhill st., is serving aboard the attack aircraft carrier USS Saratoga, operating out of Mayport, Fla.

The Saratoga recently was nominated for the annual Arleigh Burke Fleet Trophy for outstanding improvement in battle efficiency, morale and performance.

## Radio "Bee Line"

### To Save Ships

Thirty Coast Guard cutters will soon be steering an "electronic bee line" to the rescue using the newest radio direction finders that give the helmsman a "buzz" when he yaws from the most direct course to the disabled vessel. In addition, a needle warns him visually should he stray off course while homing on radio signals sent out by vessels in distress.

The radio direction finders purchased from Raytheon Company have separate loop antennas and cover the Consolan band, radio beacon band and marine band. The distress frequency and four other popular channels used particularly by commercial fishermen and pleasure boatmen are pre-tuned by crystals for precise reception without manual tuning.

When not in use for rescue operations the RDFs will be used as additional radio receivers listening for "Maydays" on the distress frequencies.

Miss Ebba Peterson, who has been spending the summer months with relatives in town, left for her home in Ocala, Fla., Monday.

Miss Judith Gilcrest, daughter of Mr. and Mrs. Cleveland Gilcrest of Highland rd., has resumed her studies at Mount Holyoke College, after spending the summer in California.

Miss Barbara Klie of Rolling Ridge rd. has resumed her studies at Ursinus College in Collegeville, Pa.

## Gigis Appointed To P. R. Position

ROBERT GIGIS

Robert Gigis, 420 South Main st., is now associated with the Andover Institute of Business as director of public relations.

Mr. Gigis, a long-time resident of Andover, was formerly employed at the J. P. Stevens Marland Plant in a supervisory capacity.

As director of public relations, Mr. Gigis's first assignment will be to organize a complete advertising program for the Andover Institute's Springfield School.

## PORTABLE SPACE HEATERS ARE NOW OUTLAWED

Any portable, wick-type, oil-burning space heater is now illegal in any building where people live.

Fire Chief Henry L. Hilton called the public's attention to the new statute this week, noting that the law became effective July 9.

The portable space heaters have been blamed by fire officials in a number of cases throughout the state where persons were badly injured as the result of a fire. Anyone having questions as to the type of heater they use should call the chief.

**Harvest Festival Coming Oct. 26-27**

As part of the preparation for the South Church Harvest Festival, to be held Friday and Saturday, Oct. 26 and 27, the Tuesday morning Coffee Workshop is in the full flush of its final phase.

Ladies, old and young, meet from 10 a.m. to noon to sip coffee and turn out dozens of fascinating handmade items such as aprons, "Gretel" dolls, and "Rebecca Pig" burglar proof banks.

There is still work to be done. All who would like to help are welcome. Child care is provided.

The Harvest Festival is sponsored by the Women's Fellowship under the general direction of co-chairmen Mrs. Philip K. Ryder and Mrs. Jason C. Wright.

Miss Ruth Haradon of Greenwood rd. has enrolled at Boston University.

**YWCA Program In Lawrence**

In order to avoid duplication of services, the Andover Y.W.C.A. Committee decided to set up no program for the fall in this town.

It was felt that the recreation director for the town should be allowed time to develop his program first, then, if there still seemed to be an area in which a need was not being met, the Y.W. might try to supplement with its resources.

In the meantime, however, a full program is still available at the Greater Lawrence Y.W.C.A. building, which is well located, with an excellent parking lot directly in back of it.

On Thursday mornings, the day when classes had been held at the Andover Youth Center, both ceramics and cone wreaths are scheduled. Wednesdays, when a

supervised playroom service is provided, there are many courses - badminton, entertaining, knitting, moderate exercise, rug braiding, sewing, swimming, trimmastics and water color. This last class is to be one in landscape painting for beginners, taught by Mrs. Robert Hatton of Andover.

Italian language for the advanced beginner is scheduled Thursday evenings, and fencing Tuesday nights.

"Adventure at One" is a new idea for those who want to attend occasionally, but cannot come regularly Thursday afternoons, and it will offer a varied program.

For listings of other courses, or for information about those mentioned, women should contact the Greater Lawrence Y.W.C.A. office.

Mrs. A. M. Wilson of Cheever cir. is the chairman of the Andover Committee and a member of the Y.W. Board of Directors.

**Wait 3 Weeks For Road Bids**

A contract for Chapter 90 reconstruction on Lovejoy rd., from Dascomb rd. to the new school, may be awarded in three weeks.

Town Manager Thomas E. Duff has been promised by the state Department of Public Works that bids will be sought without delay. However, it will take at least the three-week period to receive bids and make the award.

Duff has stated that every effort will be made to install the sidewalk in that section this year.

The walk is included in the plans for the road, but the cost of this portion is underwritten by the town alone.

The state determined some months ago that it would not participate in the sidewalk construction under Chapter 90, even though it is made part of the contract.

involved in planning work for the Planning Board.

In his discussion, Mr. Schoop noted that projects scheduled during the seven years have been arranged in such a way as to maintain a proper ratio between the cost of major projects and the annual budget. He also explained that projects listed are those given to him by the various boards and department heads, and the cost figures are those supplied by the departments.

The firm set up a priority listing, based on what appears to be needed the most, and at the same time tried to keep the tax rate from rising sharply in any one year.

**Rate Increases**

Projected estimates of the tax rate show that accomplishment of the various projects would mean a rate of \$32.19 in '63, \$30.70 in '64, \$31.90 in 1965, \$33.60 in 1966, \$34.40 in 1967, \$35.10 in 1968, \$36.30 in 1969 and \$37.90 in 1970.

These figures are based on tax income without the benefit of industrial growth during those years. The general rate would remain the same in 1963 and 1964, with or without industry. But during the remaining five years of the plan, projected industrial growth could reduce the rate by as much as 2-3 dollars.

**Urban Renewal Included**

Included in the plan, as an integral part of its financial analysis, is the town's costs under Urban Renewal.

Mr. Schoop told the gathered officials that preparation of an alternate plan, without adding Urban Renewal costs, could not be accomplished at this point, without extensive overhaul of the entire plan.

There was some sentiment among officials that it would be welcome to see the capital expenditures plan alone, without Urban Renewal costs, so that these could be segregated.

What are the recommended projects in the next seven years?

**Projects During 1963**

In 1963, the following recommendations are made:

Annual requests, coming up year after year: Sidewalks, town-wide, \$10,000 annually; street surfacing, \$20,000 a year from 1966-1968 - between 1963 and 1965, Urban Renewal street surfacing is included under another section; Chapter 90 highway construction, \$15,000 annually; water system improvements, \$90,000 in 1963, \$93,400 in 1964, \$81,000 in 1965, \$100,000 in 1966 through 1970; storm drainage, \$20,000 a year in 1965 and 1966, \$50,000 a year in

1967 and 1968 - Rogers Brook is included as storm drainage under the Urban Renewal figures, within this plan.

The 1963 projects, as recommended by the consultants, are: Forest fire truck, \$7,500; town hall, police and fire stations, \$1,000,000; Lovejoy rd. sidewalk \$45,000; Rogers Brook drainage, part one, \$170,000; police radios, \$3,300 as matching funds with C. D.; Pomp's Pond bath house, \$12,000; High School play fields, \$35,000 yearly for three years, \$25,000 in 1966; school site acquisition, \$150,000; new senior high school, \$2,300,000; Dascomb rd. area sanitary sewer, \$372,000; Lovejoy rd. sewer, \$71,000; Urban Renewal street improvements, \$56,500; Urban Renewal cash payment for town's share, \$150,000.

The explanatory text indicates that, without Urban Renewal, a town hall and police station are needed, but the fire station might serve for several years before replacement is needed.

Details on the new high school financing will be found elsewhere in this issue.

The cash payment under Urban Renewal is recommended by the consultants - but they also suggest that the town could spend this same amount of money on municipal parking within the Urban Renewal area and get the equivalent credit.

The recommended projects to be delayed, under the plan, are the municipal garage improvement, Library addition, expansion of the Shawsheen and Central playgrounds and sanitary sewer improvements.

**And In 1964 . . .**

Requests approved for 1964, under the plan, are:

West Andover fire station, \$207,500; wading pool at Pomp's Pond, \$20,000; Urban Renewal street improvements, \$51,700.

Deferred 1964 requests are: Sanitary sewer improvements, to 1965; tree department building, to 1966.

**1955 Projects Approved**

Requests to be granted in 1965 are:

Rogers Brook, part two, \$136,500; Library addition, \$235,000; picnic facilities at Pomp's Pond, \$15,000 in 1965 and equal amount in 1966; sanitary sewer improvements, \$1,290,000; Urban Renewal street improvements, \$56,200; Fish Brook dam, \$625,000.

Deferred until some other time is the winter facility request for Pomp's Pond.

**More Projects, 1966-'70**

In 1966, the following approvals are noted:

Municipal garage, \$100,000; ladder truck, \$65,000; recreation center, \$200,000; Central and Shawsheen playground expansion, \$100,000.

Deferred are the camping area at Pomp's Pond and playground pavilions, to 1967.

The 1967 requested projects are: Fire pumper, \$26,000; sports area, Pomp's Pond, \$30,000 this year, another \$30,000 in 1968; playground pavilions, \$20,000.

Deferred indefinitely is the Pomp's Pond pavilion.

In the year 1969, approved is a wading pool at the playground at the Sanborn School, at \$20,000; and deferred is the amphitheatre at Pomp's Pond.

Approved in 1970 is a bookmobile, \$75,000.

**Men's Outing Next Sunday**

Andover Council 1078, Knights of Columbus, will hold a men's outing Sept. 30 - this Sunday - at Camp Olympia on Pomp's Pond.

The 11 a.m. to 6 p.m. event will feature athletic contests; a 45's tournament will be held under the direction of Jack Cussen.

General chairmen for the activity are George Nangle and Bob Noonan.

Transportation will be provided from the Council chambers to the pond.

Tickets are available from any member or from Paul Dyer, chairman of the ticket committee.

**Map Plans For United Fund**

Taking time off from a busy work day to participate in the community's most important civic endeavor, a group of Andover businessmen and women met this week to make plans for getting the Andover United Fund Drive for 29 major health and welfare drives off to a good start under the leadership of Chairman Joseph B. Doherty and Vice Chairman Clement W. Rodden.

Volunteer workers in this division are: William F. Hickey, Mrs. Grayce Reilly, Irving Whitcomb, Albert Retelle, Robert Phinney, David Woodworth, Edmund Cote, John Zenevitch, Robert M. Henderson, Arthur Spirdione, Lee Noyes, Burton Jenkins, John Hewitt, Ronald Reader, Douglas N. Howe, Charles Shattuck and Kenneth P. Thompson.

**Meet Wednesday On Halloween Plan**

Preliminary Halloween plans will be discussed at a meeting called by Leslie S. Bartow, Andover's Recreation Director, Wednesday, Oct. 3.

Any group or organization which has traditionally looked to the town for assistance in running Halloween parties is invited to send a representative to a planning meeting in the town hall. The meeting will be held in the Director's office, at 8 p.m.

Requests for backing of parties have been coming in to Bartow. Because there is a limit to what the Recreation Department may do, he is interested in meeting with all groups at one time. In this way an equitable apportionment may be made early enough so that each group will know how much assistance it may plan on.

For further information, Mr. Bartow may be reached at the Town Hall.

**Department Meeting Scheduled Oct. 3**

The Shawsheen Women's Club Literature-Current Events Department will meet at the home of Mrs. William Bailey, 12 Arcadia rd., Wednesday, Oct. 3 at 9:30 a.m.

A business meeting will precede the program. Mrs. Lewis Putnam's topic will be "Your Fall Reading".

Each member may bring a potentially interested member to this meeting.

## Peace Corps Tests Scheduled

Peace Corps placement tests will be held at Civil Service Commission testing centers throughout the nation Saturday, Sept. 29, at 8:30 a.m.

Those who take the test will be considered for new Peace Corps projects in Asia, Africa, Latin America, the West Indies and the South Sea Islands.

Peace Corps opportunities abroad cover many fields - nursing, engineering, plumbing, carpentry, agriculture, architecture, medicine, home economics, city planning, geology, physical education and rural and urban community development.

Applicants must be American citizens of at least 18 years of age. There is no upper age limit.

Married couples without dependent children may apply providing both qualify for Peace Corps service.

Many who take the tests will be applicants who have sent in a Peace Corps questionnaire since the last round of testing in June.

Interested persons who have not yet filled out a questionnaire will also be permitted to take the tests on a space-available basis.

Each person will be given his choice of two types of placement tests. One is for men and women who would like to be considered for positions as teachers. For this, a bachelor's degree is generally required, although the applicant does not have to be an accredited teacher.

The other test is for everyone else who wants to serve in the Peace Corps.

While some projects call for technical skills, many others require men and women without specialized, technical training. Among these are liberal arts graduates - often assigned to community development work - and people with general farming backgrounds for agricultural projects.

## MAY BUILD NEW HIGH SCHOOL

(Continued from Page One)

"We may even reach 1965 enrollment figures by 1963", he stated, while discussing where school needs fit into a capital expenditure program.

The session Monday night was held at the town hall, with all departments represented.

Following the meeting, Mr. McIntyre commented that the first step seems to be a determination of whether the present school can be nearly doubled in capacity. Funds for at least this study will be sought in November, at the special town meeting on Urban Renewal.

It is also possible - but a decision had not been reached prior to Townsman press time this week - that money for preliminary plans will also be requested. If this is done, action could be taken at the annual town meeting in March to appropriate construction funds. If accomplished, the school would presumably be ready by the fall of 1964.

The planning consultants brought to a head a discussion that has been going on for some time - either build a new high school and use the present building for a second junior high, or construct a new junior high and also add a lot of space to the high school.

The consultants felt that a new high school will thus provide two junior highs - the existing one, plus the present high school.

Then, they stated, demands for extra space brought about by growing elementary school populations can be met by using rooms in these two junior high buildings. For example, it was suggested that the present junior high might eventually house an entire grade six, if this was found to be practical.

There was considerable insistence on the part of the School Committee Monday night that funds be retained in the program for school site acquisition. The Committee already has indicated its desire for two more sites in West Andover and perhaps a third site in the southern section of town.

Although the availability of rooms in one of the two junior high schools might answer some immediate problems in the elementary schools, it was felt that, sooner or later, the town will be faced with building these structures, too. The amount of \$150,000 has been recommended in the capital expenditure program for site acquisition for the schools, in the belief that authorizing the funds next year will speed up the process of selection and procurement.

## AT WHEATON COLLEGE

Miss Thelma Watson, 17 Strawberry Hill rd., is enrolled as a freshman student at Wheaton college, Illinois, for the 1962-'63 school year.

She attended Andover High School, where she was active in girls' glee club, choral society, student council, and served as yearbook photography editor, newspaper news editor, class vice president, service club president and leaders' corps chairman. She is the daughter of Mr. and Mrs. William Watson.

A liberal arts college of high academic standards, Wheaton enjoys a distinctive Christian emphasis in all of its activities. It is rated Class A by the University of Illinois, is a member of the North Central association, and is on the approved list of the Association of American Universities. Its enrollment is limited to 1600 full-time undergraduate and 100 graduate students.

## Forms Committee To Study Problem

The Council of Churches has formed an executive committee to study the problem of greater participation by all Protestant denominations in the town.

Six members were appointed to the group, during a meeting at the Free Christian Church.

They are the Rev. J. Allyn Bradford, pastor of the Free Church and president of the Council; Henry C. Becker, Council vice president; Frederick Fitzgerald, Council treasurer; William Meike and James Dean of the Finance Committee and James Kitchens, member at large.

The Rev. Frederick B. Noss, minister of the South Church, suggested formation of the Committee.

The Rev. Scott Bartchey, director of religious education for the Council, told the group that this area needs strengthening among the congregations in the town.

## PERSONALS

Mr. and Mrs. Ernest Edwards of Clearwater, Fla., have been renewing acquaintances in Bal-

lardvale recently. They were former residents of the Vale.

Mrs. Frank Green of Exeter, N. H. renewed acquaintances in the Vale last week. Mrs. Green formerly lived in Ballardvale.

Mr. and Mrs. Winford Farr spent the weekend in Portland, Me. They attended the 30th reunion of Mrs. Farr's class.

## EDITORIAL THOUGHTS

### Daytime Safety First

It is essential that residents of the town keep some perspective on the fatal accident on Lovejoy rd. Sunday night.

One correspondent, in a letter printed in today's issue, mentions the white lines painted on the street as being a possible cause.

And of course there is some general blame credited to the condition of the road, with or without the lines.

What we should keep in mind here is that accidents happen for many reasons - that this one occurred on Lovejoy rd. does not necessarily mean it was caused by the conditions on the street or the man-made white lines.

We do not know the cause of the accident - perhaps it was the result of many factors, including the street condition and possibly the white line.

We must not, however, unwaveringly fasten the blame for the crash on the condition of the street, nor should we panic now and put into effect traffic controls that otherwise would not be required.

Actually, the safety of the children walking to school in daylight and traffic control on the street after dark are separate considerations. They should be treated as such, providing for the children's protection first. This means either a bus transportation schedule along the narrow thoroughfare until sidewalks are installed or a continuation of the present system, in which a crossing guard walks the length of the street with the patrols.

### Master Plan For Sidewalks

A few weeks ago, while residents near Lovejoy rd. were protesting to the School Committee about walking conditions there, a suggestion was made that a study of sidewalk conditions throughout the town should be made.

The idea makes sense.

We obviously have many streets, leading to schools, where there are no sidewalks, and where the road is narrow enough to be dangerous.

It was thought at that time that there is no up-to-date list of such conditions, and that a sidewalk construction program can not be started until such a list is prepared.

Wouldn't it be good judgment to put sidewalks in a capital expenditure program - for the safety of the children - ahead of less vital fun items?

We think the town should find out the sidewalk requirements surrounding every school - then plan a sensible program that would result in actual construction over a few years.

### Down the Years with The Townsman

#### 50 Years Ago - September, 1912

Mrs. Joseph Blunt and daughter, Katherine, have returned from a visit to Maine.

William J. Cronin of Stevens st. has resumed his studies at the Boston University of Law.

Prof. and Mrs. Joseph Ashton have returned to Andover after a trip of several months' duration through Europe.

It is reported that a meteorite, weighing in excess of 50 pounds, fell on the farm of W. N. Pike in West Andover last week.

Fred Keuhner is substituting in the local Post Office in place of Augustine Conroy, who has been confined to his home for several days.

Foundations have been laid on Essex st. for a new lunch cart. A new and up-to-date cart has been purchased.

It is understood that Frank E. Gleason is soon to vacate his coal office at the corner of Main and Essex sts., with the new tenants

to be the Cross Coal Co.

#### 25 Years Ago - September, 1937

Andover will go to the polls Tuesday to participate in the congressional battle between Edward D. Siros of Lawrence, Republican

and Lawrence P. Conroy of Lynn, Democrat. All six polling places will be open from noon to 6:30 p.m.

The annual election of officers of the Odd Fellows was held Wednesday night, with John F. Sutcliffe being chosen Noble Grand.

The Rev. Lorentz I. Hansen, pastor of the Baptist Church, has resigned. He will devote full time to teaching at Boston University.

One of the town's oldest residents, Mrs. Sarah Myers, died Monday night at the age of 94.

Tomorrow afternoon at three o'clock, Punchedard will meet Boston Farm and Trade School in the local team's second game of the season. Punchedard beat Howe High of Billerica, 26-0 in the first game.

#### Last Party For 1st Graders

With this Thursday afternoon's party for children from South and Sanborn Elementary schools at 3:45 o'clock, the first grade parties for this fall will come to a close. This year, with large enrollments in all parts of the school system it was necessary to divide the "party" hour into four afternoons. Miss Margaret Lane, Children's librarian, greeted the youngest members of the library's family, and gave mothers and children a brief introduction to all that the library is and can offer to them. There was a story and light refreshments served. Those first graders who can write or print both first and last names have been filling in their registration cards at each of the parties and were allowed to take books home.

It has been a popular and practical program to bring mother and child together for the first grade parties. The child feels at home after this first visit; the mother has discovered for herself where the child is going to spend many hours as he makes use of the library materials, and both have a sense of being on familiar territory when the library is mentioned.

#### Great Books

Come along to the first meeting of the Great Books Discussion Group, Tuesday evening, Oct. 2 at 7:30 in the Memorial Hall Library. This invitation is extended to all who have any curiosity about a program for adult readers that has brought together a number of persons of varied backgrounds, interests and tastes and provided them with an interesting, exciting and pleasant experience for several years. Each meeting has a book for discussion, or a section of a long work. It may be a play, a treatise, a book of fiction, an epic, philosophy, history, economics, religion - but in each case the book speaks for itself and stands on its own merits.

The opening discussion is Sir Thomas Browne's "Religio Medici."

#### Littlest Listeners

Applications may still be made for one of the three divisions of Littlest Listeners, the pre-school group which meets once in two weeks at the library for stories and activities. Slips to be signed may be obtained in both children's and adult department and in the branch room at Ballardvale.

The opening meeting will be Wednesday, Oct. 10 for the Cardinals and Thursday, the following day, for the Ballardvale group, the Sparrows. On the following Wednesday the Robins meet. All have their programs from 10 a.m. to 10:45 a.m.

#### Overlooked Titles

While summer vacations are in force, book purchasing seems to continue even though at a slower pace. Here are a few titles which you may not have seen: (fiction) Under The Skin, Bennett; The San Franciscans, Busch; The Long Winter, Christopher; A Family's Affairs, Douglas; No Parade For Mrs. Greenia, Downes; Dead Weight, Fenison; Charles, Lincoln; The Golden Rendezvous, MacLean; The Girl Who Was Never Queen, Main; Thea, Morrison; The Evil Wish, Potts. In non-fiction - Men And Decisions, Strauss; Conversations With Stalin, Dilas; Through The Valley Of The Kwai, Gordon; Legion Of The Lafayette, Whitehouse; There Is A River, Vaughan; The Time Of Secrets, Pagnol; The Boy With The Model-T, Longstreet; Barry Goldwater, Shadegg; Boston And Return, Brooks; Complete Guide To The Great Lakes, Heppburn; New Country, Bosworth; Is Anybody happy? ## Here Are Some Facts About Urban Renewal

In an effort to answer some of the questions asked about Urban Renewal, the Townsman has prepared these questions and answers. They will help to resolve some of the basic questions heard on every side.

They are not an end-all in themselves - other questions no doubt have occurred to residents of the community. The Townsman will attempt to get an answer from responsible officials, for any resident who wishes to present a question to us.

During the next few weeks, we will present additional material, in question and answer form, covering the cost factors, market area, possibility of private enterprise doing the job, etc. Every question that comes to our attention, which seems pertinent to the subject, will be covered fully.

In this way, we hope to be of service to our townspeople, as they attempt to clarify their thinking on this vital subject.

\*\*\*

#### What is Urban Renewal?

In Andover, it is a land assembly and redevelopment project primarily for the business area, but including some of the surrounding residential properties.

#### Land assembly?

Many of the parcels of land making up the area are purchased by the Housing Authority and "assembled" into larger tracts that are assigned specific uses, such as commercial, public housing, office buildings, etc.

#### What if a property owner doesn't want to sell?

The Authority has eminent domain power, and can seize the property.

#### Who sets the price?

First, the Authority tries to negotiate with the owner to agree on a purchase price. This is based on two independent appraisals by the Authority and the owner's idea of what the property is worth. This is one way to set the price.

If negotiations fail, the Authority seizes the property. Then an offer is made, and either accepted or rejected by the owner. Eventually the case may wind up in court, for an ultimate decision on the price.

#### Once the Authority gets the properties, does it tear them down?

Not right away, maybe not for quite a long time. As long as the buildings are standing, they remain in use, the Authority collects rent and pays the town taxes. It's at this stage that the term "redevelopment" comes in.

#### Is there a plan for this?

At the moment, no. The Authority is not supposed to plan for re-building - this is the province of a developer, who wants to build stores and office buildings on the land. Interest has been shown, but no developer is yet definitely committed to the project.

#### Can he build any kind of building?

No. First, a developer presents a plan for the use of a parcel, within the land-use specified by the Authority. Buildings are still standing on the land when he presents his plan. He must conform to many regulations, restrictions and requirements adopted by the town.

#### Who approves it?

Three boards must concur - Planning Board, Selectmen and Housing Authority. If one of these three doesn't like the plan, it can be refused.

#### If it's approved, what then?

This is the time when the buildings are razed, and the land prepared for the developer to go to work.

#### Can't any of the buildings be saved?

The town is waiting for a legal definition - but it appears that maybe one or two could be saved, if the developer specifically requests it and the local and federal authorities all approve. Thus there might be extremely limited rehabilitation, on a very small scale, within the present plan. But this is not yet assured.

Why doesn't the Authority tear down most of the buildings in the area right away, to make way for several developers at once?

In this kind of program, here in Andover, buildings are torn down only after there is an approved plan for re-building on the parcel. There are no great, vacant spaces for months and years.

Because federal money is involved, can the government tell us what to put in the buildings - the houses, the stores?

No. Other than requiring the town to avoid discrimination, the government can not tell the town what to do. That is, the town can not be forced to take specific groups of families and put them in local housing, or special types of stores, or any other special category. The local Authority can not even regulate what stores are allowed in the retail area - this is the responsibility of the developer, to lease the space or sell the structure, without local or federal restriction. Some control exists, however, because three boards must approve a plan presented to them. Theoretically, then, the approval - granting boards can regulate the types of business, more or less indirectly.

Plans, plans, plans. Isn't there just one plan for everyone to follow?

So far, the Housing Authority has a plan called the Land Assembly and Redevelopment plan - this is the one which will be considered at the special town meeting. The Planning Board has an over-all plan for the central area, covering the Urban Renewal section and also adjacent sections of the center of town. The Consumer's Co-Op has a plan, covering the redevelopment of the Urban Renewal area.

#### Can't the plans be made into a single proposal?

The Housing Authority has been trying to integrate the Planning Board's plan and its own. Agreement has been reached on the site of municipal facilities, which differed on the plans. Parking problems have yet to be ironed out. There also is agreement that street-front construction, with parking to the rear, is desirable. Such items can be controlled, actually, by the Planning Board, because it must approve all plans for construction as presented by a developer.

#### What about the redevelopment plan?

This one, paid for by the Co-Op and others, is outside the province of the Housing Authority - it is the sort of plan that would, when finished, be presented to the three boards for approval. It will not come before town meeting for approval.

## What Our Readers Say—

The following letter has been addressed to the Townsman and is a duplicate of a letter sent to Town Manager Thomas E. Duff. The letter reads:

"I am writing you in regard to the tragic accident on Lovejoy rd. last evening.

"I have not seen a report of the accident but I do think the present traffic arrangement and marking on Lovejoy rd. may well have been a contributing factor.

"People are creatures of habit and a white line painted on a public road indicates one of two things:

"A. In the case of a multi-lane highway, it indicates to a driver that he should stay between two parallel lines.

"B. In the case of narrower roads, a single white line is something to stay on the right hand side of.

"Those of us who are intimately familiar with the Lovejoy rd. situation have come to realize that the white strips as now painted on the roadway are supposed to mark off an area for pedestrians and children that would normally be a sidewalk. However, for someone not familiar with the Lovejoy rd. controversy and especially if driving down Lovejoy rd. at night,

a white line painted on the roadway invariably indicates the center line of such a road. It is not unreasonable to believe that a stranger driving on this road at night might well endeavor to stay on the right hand side of such a white line.

Thus, it seems to me that the ingredients for a tragedy such as happened last night, are implicit with the present method of marking the road.

"For example, my secretary, who is very familiar with the Lovejoy rd. area, until she found out differently this morning, was under the impression that the white line remained from what had been the center line of the road and that the road itself had been changed but the white line not yet removed

or painted out. "I have never seen a public road painted in this manner and there is nothing to indicate to the non-resident the nature or the reasoning behind such painted lines.

"I might add that there is nothing in the drivers examination for licenses which would indicate the possibility of a road being so painted . . . quite the contrary.

"Another use of a white line as a guide towards the center line of a road is in the situation where the headlights of an oncoming car temporarily blind the driver. I know in such a situation, I instinctively take a quick glimpse at the white line to make sure I am on my half of the road. This might not have been a factor in last night's accident but the risk of such a situation is greatly increased by the present road markings.

"Another aspect of the Lovejoy rd. problem would seem to be the casualness with which children, three, four and five years of age, are allowed by their parents to use the road as a private playground. This seems especially true at the Dascomb rd. end of Lovejoy rd. and as one who uses the road very frequently, I have learned to drive at an extremely low rate of speed for fear of hitting one of the

numerous children who are either playing on the road, riding their tricycles, or who seem to dart across the roadway without any warning.

"If this was a crowded, tenement district, one might understand children playing in the road, but with the amount of land surrounding these homes and the open space available, it is difficult to understand why the parents of these children are willing to expose their children to such risks.

"I know of your great concern over this matter and I realize the town has done everything possible to upgrade and widen Lovejoy rd. in view of the added traffic load by reason of the new school, the Country Club, the construction of new homes, etc. and the general growth of that area. It seems unfortunate that the wishes of a few could maintain a status quo in the face of the obvious needs of the community as a whole."

### Concerts For Young People To Be Held

Tickets are now available for Andover subscribers for the current season of "Concerts for Young People", a series of three one-hour Saturday morning concert programs to be presented in October, November and December, at 10 a.m., in the Little Theatre of Lowell State College.

"Concerts for Young People" is an affiliate of "Young Audiences, Inc.", an organization under the direction of Leonard Bernstein, Gian-Carlo Menotti, Isaac Stern, Rudolf Serkin and a number of other outstanding musicians. The purpose of the organization is to better acquaint young people with the exciting sounds of good music, with the artists and instruments that carry its message, and to install in them a desire for musical participation, as performers or listeners. "Young Audiences" musicians are auditioned and trained to perform a variety of programs specially designed for young people, and informal discussion between musicians and children is encouraged.

This season, the Lowell concert series will feature "Stringed Instruments", "Woodwind Instruments" and "Folk Singing". The dates of the programs and the performing artists will be announced in the near future. For information, contact Mrs. Frank Michel, 202 Shawsheen rd.

In the Ballard Vale United Church this month, Ruth Watson Perry, daughter of Mr. and Mrs. Randolph Perry, 4 High st., Ballardvale, became the bride of Arthur Baker of Old Andover rd., North Reading.

The Rev. Wendell E. Minnigh Jr. officiated at the 3 o'clock service and a reception followed at the home of the bride's parents.

Given in marriage by her father, the bride wore a floor length gown of white lace and carried a nose gay of white roses.

Her matron of honor was her sister, Mrs. James McLeod, who was attired in a blue chiffon dress and carried a nose gay of pale yellow roses.

James W. McLeod was best man for the bridegroom and performing ushers duties were John A. and Daniel McIntyre, both of Ballardvale.

The bride was graduated from Andover High School and Chandler School For Women. She is employed by Avco.

Her husband was graduated from Malden Vocational High School and attended Northeastern University. He is employed by Lincoln Laboratories.

Mr. and Mrs. Baker are now residing at 78 Butler st., Lawrence, after a wedding trip in New Hampshire.

### WILL FILED

The will of Mrs. Louise M. Clark of Andover was filed recently in the Probate Court.

After making a bequest of \$1,000 to her husband's sister, Edna C. Hammond of Newburyport, the will dictated that the remainder of the estate be given to her husband, Granville A. Clark. A petition was filed by Elinor C. Cole of Westford and Edith C. Hathaway of Barrington, R. I., both daughters of Mrs. Clark, asking that they be appointed administrators of the estate with the will annexed.

The deceased left a personal estate valued at \$5,000.

MRS. ARTHUR BAKER

**BAKER - PERRY**  
In the Ballard Vale United Church this month, Ruth Watson Perry, daughter of Mr. and Mrs. Randolph Perry, 4 High st., Ballardvale, became the bride of Arthur Baker of Old Andover rd., North Reading. The Rev. Wendell E. Minnigh Jr. officiated at the 3 o'clock service and a reception followed at the home of the bride's parents. Given in marriage by her father, the bride wore a floor length gown of white lace and carried a nose gay of white roses. Youth Group To Sponsor Supper

The Youth Group of the Ballard Vale United Church will hold a scrap drive Oct. 12, starting at nine o'clock. The Youth Group also will hold a spaghetti dinner in the vestry of the Ballard Vale United Church Oct. 6. There will be two sittings, one at 5:30 and the other at 6:30. This will be a "Nite in Italy" spaghetti dinner and tickets are available from members of the group. Sunday evening, the first meeting of the combined youth group met in the form of an informal get-together consisting of games, cookout and a short business meeting around the fire. They met at the home of the president Kent Warner, and plans for future meetings were discussed.

Local Men Aboard Carrier Saratoga

Navy Ensign John A. Polgreen Jr., son of Mr. and Mrs. John A. Polgreen, 52 Chestnut st. and James R. Killpatrick Jr., fireman apprentice, USN, son of Mr. and Mrs. James R. Killpatrick Sr., 11 Elm ct., are serving aboard the attack aircraft carrier USS Saratoga, operating out of Mayport, Fla. The Saratoga recently was nominated for the annual Arleigh Burke Fleet Trophy for outstanding improvement in battle efficiency, morale and performance. The award honors Admiral Arleigh Burke, who was Chief of Naval Operations before retiring last year. The Saratoga was among the ships of the Atlantic Fleet nominated for the award, which was won by the radar picket destroyer USS Vesole.

ROGERS BROOK PLAN MOVING

(Continued from Page One)  
Final approval is given. Mr. Bradford has assured the manager that in approximately three weeks, his department will have completely reviewed the plans, as re-studied by Duffil Associates. They will then be sent to Andover, along with the latest estimates.

If local approval is given immediately, once the plans can be scrutinized, the time schedule can be followed for advertising for bids. Agreements with the Boston and Maine Railroad, for the portion of the work on that firm's property, have been received by the state. This negotiation had been going on for some time, the manager explained.

According to Rep. Williams, the problem visible on the horizon now is the remote possibility that the funds will be higher than the available funds. Unless this unexpected event takes place, he foresees construction beginning this year.

Bridge Club Winners Listed

Winners of the first duplicate bridge session of the fall, held last Thursday, were:  
North-south - David Barrett-Steven Higgins, first; Mr. and Mrs. Gerald Lebach, second; Mr. and Mrs. Robert Mower, third; Mrs. Max Nicholson-Roland Siskind and Mr. and Mrs. W. F. Howard were tied for fourth.  
East-west - Chester Chilson-James Caputo, Thomas Dye-Earl Bryant, Mr. and Mrs. L. J. Kohli, Mrs. William Thompson-John Guild, Joseph Slipp-George Wilcox.

PROMISE DECISION ON URBAN RENEWAL

(Continued from Page One)  
It may be necessary to decide the issue without waiting for the Planning Board to make a recommendation. He noted that there is always some difficulty in getting all members of the Board of Selectmen together, other than on a meeting night. Thus, he commented, sessions must be held whenever it is possible to have all members present, to get the matter settled. The Planning Board and Housing Authority also are having their troubles getting together - various members are unable to meet meeting dates and thus there may be some delay in having the scheduled meeting between the two groups. Harold T. King, chairman of the Planning Board, indicated Monday night that a session may be held fairly early in October, when all members can be present. Most board or committee members want to be present when the discussions are held, because an absence only requires repetition of the material at the next session. Also yet to be heard from on the subject of Urban Renewal is the Finance Committee. That board has a meeting scheduled with the Housing Authority to go over the financial details, before issuing a recommendation.

BROWN FINISHED NAVAL TESTS

Marine Private William W. Brown Jr., son of Mr. and Mrs. William W. Brown, 15 Harding st., completed a week of testing and screening, Aug. 24, at the Naval Air Technical Training Center, Memphis, Tenn. During this week he received a battery of aptitude tests and was interviewed by a senior non-commissioned officer to determine his eligibility for technical training to prepare him for duties with the aviation branch of the Marine Corps.

## Town Yard In Need Of Repairs

The plight of the town highway department, in outmoded and decrepit facilities, was stressed during a discussion of capital expenditures Monday night.

When planning consultants recommended postponing action towards repairing and improving the Lewis st. area until 1966, immediate protests were heard from

several officials.

Russell G. Doyle, chairman of the Board of Selectmen, called for more immediate work there. "We buy a \$20,000 piece of equipment", he exclaimed, "then let it stand out in the weather".

At the moment, the snow loader, bulldozer and one truck can not be garaged.

Supt. Stanley Chlebowski pointed out the needs of the department, in terms of additional bays on the garage for the storage of equipment, and for the safety of the men.

Town Manager Thomas E. Duff was quick to point out that the placement of projects in the capital expenditure program can be changed - and might very well be altered in this case.

William Doherty, present as a member of the School Committee,

rose to point out that the town yard "is in an awful hole" and suggested that some more convenient location be found for new buildings. The Lewis st. yard has only one access - down the sharp slope next to the Tyer Rubber Co. warehouse.

However, Mr. Duff noted that efforts are being made to acquire property to give the yard access onto Pearson st., which would allow trucks to cross the railroad tracks onto Railroad st.

An architect is now drawing up projected plans for improvements at the yard, it was explained.

MOONEY NAMED NEW POSTMASTER

(Continued from Page One)  
applied for the position. There had been countless rumors and much speculation on the political implications attached to the appointment - mainly as to whether a career man in the service would get the position.

Mooney, a resident of 12 Sutherland st., is married to the former Margaret Sullivan. The couple has two children, Alice J., a student nurse at Lawrence General

Hospital and Walter F., employed at General Electric.

Mr. Mooney is a member of the American Legion, having served during the Okinawa campaign in World War II. He also is past president and treasurer of the Andover Anglers, and belongs to the National Association of Postal Supervisors. He is a member of St. Augustine's parish.

The spokesman for Senator Smith said official announcement of the appointment, through the post office department, should be forthcoming in about a week, or perhaps less.

Floyd Darby Elected Master

The following were elected to serve as officers of Andover Grange 183 for the 1962-63 season:

Master, Floyd Darby; Overseer, William Young; Stewart, Wilbur Livingston; Chaplain, Wanda Young; Treasurer, Gladys Hill; Secretary, Elsbeth Peterson.

Gate Keeper, Vesta Darby; Ceres, Betty Darby; Pomona, Thelma Darby; Flora, Margaret Baxter; Lady Assistant Stewart, Marilyn Gemmill; Executive Committee for three years, Alex Henderson.

The regular meeting of Andover Grange was held Tuesday evening at 8 in Grange Hall.

Courses Have Some Vacancies

Andover Evening Practical Arts courses started last week, and there is still some room for a few students in the sewing and in rug braiding classes.

A full enrollment is reported by director Owen Hinckley in the furniture refinishing class.

Prospective students - any resident of the town is eligible - place their names on a waiting list, when a class is full, and are called whenever a vacancy occurs.

Glasses are held in the Junior High from 7-10 p.m., and are free to residents. Further information may be received from Mr. Hinckley at the High School office.

Towankas Made Muffins At Meeting

The first fall meeting of the South Elementary School Towanka Camp Fire Girls was held Thursday afternoon at the home of the new leader, Mrs. Horace J. Hayman, 10 High st.

Following the business meeting, the girls made a pan of muffin to take home for the family dinner. In the future, the meetings will be held at the school following the session on Thursday afternoon.

Members are Deborah Lancaster, Patricia Valentine, Amanda Hood, Cynthia Verda, Francy Cunningham and Elizabeth Hayman.

First Meeting Of Design Class

Mrs. Charles G. Baker, president of the Andover Garden Club, wishes to announce that the first meeting of the Flower Arrangement Exhibition Class will be held at the home of Mrs. Byron Cleveland, 64 Salem st.

Mrs. Cleveland will discuss "Design" and requests each student to bring foliage or line material.

This workshop will be limited to members.

Raised Money For Jimmy Fund

While vacationing at Little Island Pond, Pelham, N. H., Cynthia Orlando of Ballardvale, Janet Perkins of Reading, Carol Ann Hoot of North Andover, and David Hirsch of Methuen sponsored a fair to raise money for the "Jimmy Fund".

The children made candy and bakery goods, had a "Wishing Well" and conducted a series of games for the youngsters.

The amount realized was \$7.70 which was sent to "Big Brother" for the Jimmy Fund.

Commonwealth of Massachusetts LAND COURT

Case No. 37382 Misc. In Equity

To ROBERT S. MCSHEEHY and JANET L. MCSHEEHY, of Andover, in the County of Essex and said Commonwealth; and to all persons entitled to the benefit of the Soldiers' and Sailors' Civil Relief Act of 1940 as amended:

Middlesex Federal Savings and Loan Association, a duly existing corporation having an usual place of business in Somerville in the County of Middlesex and said Commonwealth; claiming to be the holder of a mortgage covering real property in Andover at 528 South Main Street given by ROBERT S. MCSHEEHY and JANET L. MCSHEEHY, to the plaintiff, dated October 28, 1960, duly recorded in Book 925, Page 387 has filed with said court a bill in equity for authority to foreclose said mortgage in the manner following: by entry and possession and exercise of power of sale.

If you are entitled to the benefits of the Soldiers' and Sailors' Civil Relief Act of 1940 as amended and you object to such foreclosure you or your attorney should file a written appearance and answer in said court at Boston on or before the eighth day of October 1962, or you may be forever barred from claiming that such foreclosure is invalid under said act.

Witness, JOHN E. FENTON, Esquire, Judge of said Court this fourth day of September 1962.

### Garden Club Meets Oct. 2

The Andover Garden Club will hold the first meeting of the season Tuesday, Oct. 2, at 10 a.m. at the Andover Inn.

Morning coffee will be served at 9:45 by Mrs. David Fox, chairman of the hospitality committee, assisted by Mrs. Lyman S. Appleton, Mrs. Charles P. Howe, Mrs. Guy P. Howe Jr. and Mrs. Louis M. Worlick.

Mrs. Charles G. Baker, president, will welcome members and conduct the business meeting, after which the speaker of the morning, Malcolm Goodale, will be introduced.

Mr. Goodale will offer a practical discussion of cultural requirements of bulbs for gardens and for forcing, illustrated with slides.

Officers of the Andover Garden Club, who will serve for the year, include Mrs. Charles G. Baker, president; Mrs. Ralph H. Hill, vice president; Mrs. Charles G. Hatch, recording secretary; Mrs. Charles M. Poore, corresponding secretary; Mrs. Dudley Robinson, treasurer; directors, Mrs. John M. Stewart and Miss Patricia Arnold.

Committee chairmen for the year include: Program, Mrs. Frederick Bradley; Yearbook, Mrs. Theodore B. Nilsen; Hospitality, Mrs. David J. Fox; publicity, Mrs. Franklin P. Swain Jr.; nominating, Mrs. George E. Haselton; auditor, Mrs. Nathaniel Stowers; Horticulture, Mrs. Philip H. Sargent; conservation and road side improvement, Mrs. Alvin J. Zink; flower arrangement, Mrs. Byron R. Cleveland; Garden club hospital

service at Bedford, Mrs. Leonard F. Lawrence; Historical Society garden project, Mrs. Douglas S. Byers and Junior Garden Club, Mrs. Francis H. McCabe, chairman.

### Mattheson New Town Accountant

Wendell E. Mattheson, 8 Clark rd., Ballardvale, has been appointed town accountant.

The Selectmen, in executive session Monday night, named the popular Lay Leader of the Ballard Vale United Church from among six applicants. He will begin work early in November, and will take over the full duties of Accountant George Napier when he retires next Feb. 28.

The Selectmen are specifically authorized under the charter to make this appointment, without recommendation from the town manager.

Mr. Mattheson is head teller and bookkeeper at the Lawrence Cooperative Bank, and has an extensive background in accounting, procedures and machinery.

He has lived here 11 years.

Mr. Mattheson was formerly employed at the Rockland Atlas National Bank of Boston, and for eight years has been with the Lawrence firm. He is a graduate of the Bentley School of Accounting and Finance in Boston. During his professional career, he has dealt extensively with office procedures, accounting methods, and is familiar with the new accounting machines.

#### AT COLBY

Miss Meredith Johnson, daughter of Mr. and Mrs. Lester W. Johnson, 27 William st., has enrolled as a freshman at Colby Junior College.

Miss Johnson is one of 281 freshmen from 20 states and five foreign countries registered at the New Hampshire women's college. She is majoring in the medical technology program.

### Business Meeting About Renewal

Interested merchants and businessmen within the Urban Renewal area have been invited to a business meeting Oct. 1, to discuss possible formation of a corporation to tackle Urban Renewal development.

The meeting, open to all such interested persons, is not open to the public for a general Urban Renewal discussion, nor will it be open to the press, according to Mrs. Dudley Fitts, president of the Co-Op.

She has issued invitations to the session, and has wanted it understood that all interested businessmen are welcome.

From other sources close to the situation, it has been learned that,

for the first time, there are some figures available - actually estimates - on construction costs, the price of leased space, etc.

From these same sources it has been understood that a practical method of organization has been worked out.

#### MRS. McARDLE ON RULES COMMITTEE

Mrs. Miriam McArdle, director of music education in the Andover Schools, attended the fall dinner meeting of the Northeastern Massachusetts Music Educators Asso-

ciation, which was held at the Lexington Inn Tuesday evening.

Mrs. McArdle was selected to serve on the Rules Committee for all Music Festivals for the coming year.
