Map Errors Are Confusing

By Barbara Westcott
People who have just moved to Andover may be understandably puzzled about finding their way around town, and so may some older residents who have purchased a map to locate the newer streets.

According to the current map obtainable at the town clerk's office, Suncrest rd. has moved south quite a way on Rt. 28 to shoulder Fieldstones Restaurant out of existence, and St. Augustine dr. takes up the entire length of School st., at least on the south side.

Another queer thing is Old South In., which seems to have two positions - one running off Central st. and another as an extension of Lapine rd., following the river. It is curious, too, that Old County rd.

Selectmen Allow Sunday Dancing

The first Sunday dancing permit was issued by the Selectmen Monday night, on a 3-2 vote of the members.

Chairman James D. Wilson, voting in the affirmative, broke a tie among his colleagues. Members Philip K. Allen and Paul W. Cronin favored the permit; Selectmen Robert A. Watters and William Stewart were opposed.

The Indian Ridge Country Club requested permission for guests to dance after a member-guest barbecue Sunday, Aug. 25. The police department gave its approval.

Town Clerk Irving O. Piper read applicable sections of a 1962 statute, which makes it permissible to dance on Sunday, under certain conditions. He also noted that the Commissioner of Public Safety, Frank S. Giles, must also

Kuwait Visitor Is Incredulous

By Joan Haggerty
"You have to pay for an automobile license? You have to pay taxes to run your schools?"
"These are some of the incredulous questions asked by Saoud Al Abhool, a visitor in Andover from the New Jersey-sized sheikhdom of Kuwait, where such dreadful conditions are unheard of. Kuwait derives \$1,125,000 dollars a day from oil revenues, and Sheik Abdullah al Sabah spends all of it to develop his small country, and has much less difficulty balancing his budget than we do.

Since the University of Kuwait is not ready to provide college-level training, Saoud and 50 other young men arrived in this country last month to spend from four to 10 years each, finishing their education. Although, like many other students, he has travelled through the Middle East in recent years, the United States has already furnished him with many surprises. In his country, as in most of the Arab states, boys and

THE DIFFICULTY WAS INSOLUBLE

The Townsman regrets that its press schedule did not permit coverage of the special town meeting held last night at Memorial Auditorium.

Every conceivable rearrangement of schedules was tentatively worked out, but none could be utilized, and still maintain our normal Thursday morning delivery.

The meeting will be covered in next week's issue.

Study To Get Started

Five sub-committees have been appointed to begin studying departments, as part of the Study Committee's efforts to determine how well the town manager charter has been implemented.

A meeting Tuesday night, during which the charter was read and discussed, resulted in focusing attention on several areas which might also be studied.

The Committee named the following smaller groups, to begin the second stage of the work: Recreation Department - Stafford Lindsay, chairman; Alan F. Dunlop and Aime G. Nadeau.

Central purchasing - Harold Cookson, chairman; Miss Marion Hill and Raymond LaRosa.

Capital expenditures and master plan - Howell Stillman, chairman; Robert Neikirk and Mrs. George Laaff.

Department of Highways - Francis Reilly, chairman; Walter C. Wilson, Mrs. Franklin Haggerty

Board Names Retail Group

John Zenevitch, manager of Macartney's of Andover, will act as chairman of the Andover Board of Trade's Retail Committee, it was announced today by President Robert Phinney.

The Retail Committee consists of seven retail members who are responsible for planning and conducting the retail activities and promotions sponsored by the ABT. The committee will meet on Thursday morning, Aug. 15, to begin planning for the 1963-'64 ABT business year.

"The Retail Committee has been asked to prepare a program for the next 12 months and to present this program to the retail members in the form of a 'retail calendar,'" Pres. Phinney stated.

Robert Chase, controller at the Merrimack Valley National Bank, was re-named chairman of the Christmas Lights Committee, according to Pres. Phinney. "In view of the outstanding job Mr. Chase did last year in supervising the purchase of new Christmas decorations for Andover, I am extremely pleased that he has consented to act as chairman of this important committee for another year," Phinney said.

The ABT plans to add additional street streamers to the Christmas display to give Main st. a more uniform appearance this year. The members of this committee have not yet been named.

Serving on the Retail Committee with Mr. Zenevitch are Kenneth P. Thompson, Robert Reddish, R. Milton Cole, Stanley Swanton, Richard Trull and Samuel Osgood.

SUB-COMMITTEES WERE APPOINTED

(Continued from Page One)
and Gerald M. Lewis.
Review - Henry F. Wolfson, Eugene Bernardin Jr., Victor Mill Jr. and the chairman, Harris N. Sanfilippo.

The latter committee will review the findings of the various sub-committees, and areas of the charter not yet assigned for study. It is expected that the sub-committees will begin reporting the week after Labor Day.

During the session Tuesday night, the chairman re-emphasized the duty of the Committee - to answer the question "Is the charter doing what it was intended to do?" He

stressed the importance of making a candid report, based on study and analysis of the present form of government.

"We should pursue the study objectively and diligently", he told his colleagues.

But he warned that there will be "no witch hunt". He explained that the competency of any employee is not subject to committee report - this comes under the person's immediate superior, and should be handled in the normal manner.

"We are not dealing with personalities, but with functions", he asserted.

As the Committee went through the charter, some areas were noted, for further scrutiny. These included the appointing powers of the Selectmen and of the manager and how they are inter-dependent. The terms of appointed boards and their duties also were singled out for closer examination.

Section 10 of the charter apparently will get the closest attention of all. Among its many sub-paragraphs are those concerned with the manager's powers and duties; transfer of departmental functions, transfer of funds, records and reports of the manager, supervision of boards and committees appointed by the manager responsibility of the manager in the "improvement" of school buildings and central purchasing.

The approval of warrants and how bills are being paid will also be studied. Also noted, for later examination, is the requirement on presenting a detailed budget by Dec. 1.

VISITOR FROM KUWAIT IS INCREDULOUS

(Continued from Page One)

Girls attend separate schools from the age of seven, and the place of all but a few women is very much in the home. Consequently, he is constantly surprised at some of the things they do in our society. Almost all of them drive cars? They hold public office? They serve as police officers, judges, they teach boys classes? Incredible!

In Kuwait, nothing grows in the way of plant life, except a few date trees, and all fruits and vegetables must be imported, so Saoud has been faced with a bewildering assortment of new things to eat. Oranges, bananas, and apples are as familiar to him as to us, but lettuce, summer squash, and corn-cob were all brand new experiences. Most milk in Kuwait comes from goats, so the cows here looked as strange as camels might to us. He had already been introduced to ice cream, and rare is the time when he cannot find a room for just a small helping.

But Saoud has no taste for the milk we drink in such quantity. The goats milk he has known is used to make butter, and he has grown up on the buttermilk which is the by-product. He was delighted to find we had buttermilk, too, and says it is "almost as good". But his favorite drink is hot tea, and he likes several cups with every meal, breakfast included, and it takes two or three spoons of sugar to make it "just right". Our coffee is not his favorite, but when one of his friends served Arabian coffee to him and to his host family, it was served in very small cups, not bigger than an eggshell, and even these were filled only a third full, while the coffee itself was strongly flavored with cardamon. It is the Kuwait custom to serve fresh dates with this, and it is polite to drink several cups, shaking your empty cup to show that you have had enough.

Some of his new friends in Andover have taken him to try miniature golf, and bowling, and these are difficult to describe in his letters back home. There will be many new things to write home about in the months ahead, for Saoud has been accepted at the Cambridge School in Weston, for his fourth year of preparatory school, and will go on from there to a college or university in the United States for a degree in petro-chemistry. He hopes to get home for a visit two years from now, but in the meantime there is much to see, do and learn. High on the priority list is a drive-in movie, which seems simple and every day stuff to us, but is something of a mystery to Saoud, who has seen all his movies indoors. He is anxious to try many of our other leisure activities too, but has some favorites of his own. He is an avid "shutter-bug", and almost never goes out without his camera.

He also likes music, with a strong preference yet for his own Middle East variety. Anyone has very good new Arabian "platters"? And what has Saoud enjoyed most so far in his stay here? A chance to get together with some of his Kuwaiti friends to talk about these strange Americans! Saoud is a guest at the home

of Mr. and Mrs. S. M. Sweet of Stinson rd. His visit was arranged by the "Experiment in International Living" in Putney, Vt.

League Busy In Behalf Of Meeting

The League of Women Voters was specially active, through its Voter Service Committee, in getting information to the voters on the sewer project, and in raising interest in attending the town meeting last night.

Mrs. George Edmands is chairman for Voter Service. Preparation of a fact sheet, detailing costs and betterment assessments, was in the hands of the following committee: Mrs. Douglas Dunbar, Mrs. Paul Herbert, Mrs. Donald Sagaser, Mrs. Jack Kyger, Mrs. John Holmes and Mrs. James Wilson.

Handling preparation of posters, urging attendance at the special meeting, were Mrs. Charles Leigh, chairman; Mrs. William Ash, Mrs. Robert Demrow, Mrs. Thomas Lamson, Mrs. Robert Sherman, Mrs. Howard Hamilton and Mrs. William McClintock.

Arrangements for a cavalcade through the town yesterday, to stimulate interest in the meeting, were in the hands of the following League members: Mrs. R. Milton Cole, chairman; Mrs. Munro Leaf, Mrs. Paul Crane, Mrs. Frederick Peterson, Mrs. Dunbar, Mrs. Sherman, Mrs. Robert Gaynor, Mrs. Gerry Lebach and Mrs. William Van N. Washburn.

SUNDAY DANCING GETS APPROVAL

(Continued from Page One) approve the permit.

Selectmen Watters and Stewart felt that, despite legal permission, this should not be allowed. The other members agreed, however, that the Club is private, and the dance would not be open to the public. Thus they felt that permission could be granted in the specific instance.

Set Fees For Pit Inspections

The fall series of gravel pit hearings starts Sept. 9, when seven legal hearings will be held by the Selectmen.

And by that time, new inspection fees will be put into effect. All gravel pit owners will be notified of the fees, when they are reminded to request their public hearing for renewal of their permits.

The town will annually charge \$10, plus \$1 for each thousand dollars in the bond. The amount of the bond is set by the Selectmen, based on the size of the pit and the complexity of the work required to return it to acceptable shape after excavation is finished.

Selectman William Stewart also asked that inspections be finished on the pits for which hearings will be held Sept. 9. The building inspector does this work for the town, and will also be present at the meetings to answer any questions.

Mr. Stewart noted that he has been doing some inspections on his own, and wants to see whether Inspector Arthur Peatman's reports coincide with his own findings.

Legal advertisements in this week's issue spell out the times of the hearings and the applicants.

Some people are hesitant to walk into a business school to look around. They feel they might interrupt classes or be obligated in some way. So, we have set aside two weekends for you to visit the most modern business school in New England.

You will see 8 beautiful classrooms and facilities designed and executed by Mr. C. Lincoln Giles. You can learn about our Secretarial, Business Administration and IBM programs. And, if you were planning to attend any of our courses this fall, days, evenings, or Saturdays, you may enroll at this time.

Bring your friends, family or other guests and enjoy coffee with us. We look forward to seeing you.

YOUR Pharmacist SPEAKS

by: Paul Upson, R. Ph.

The rather loose usage of late of the term "virus" leads some people to believe that a virus is a rather new and always mysterious malady. Actually, all of us are virtual incubators of viruses for most of our lives.

From the common cold and cold sores to mumps, measles and chickenpox we have all been attacked by and have recovered from, viruses. There are other infinitely more deadly viruses, however, such as polio and sleeping sickness and, strangely, even animals, insects and plant life are subject to attack from viruses peculiarly their own.

Not so strangely, SHAWSHEEN PHARMACY should be your first stop for drugs and medicines of all types. Our prescription service is dedicated to the safeguarding of your health and well being. For your prescription needs, remember SHAWSHEEN PHARMACY, Shawsheen Square. Phone 475-2590 for free prescription delivery.

Endorse Bill For Extra Funds

The Selectmen have endorsed Senate Bill 537, which would result in more money coming to the town for library purposes. Their vote will be sent to local representatives and state senator. The bill, by placing grants-in-aid in the general fund, would result in \$3,886,74 coming to the town from state proceeds from income taxes, and would be for the unrestricted use of the community. Action came on request of the Mass. Library Association.

about this question.

"While refilling my outboard motor, gasoline spilled on the hot motor and caught fire. Water all around us, but the motor and boat were badly damaged before we put out the fire. Will my outboard motor and boat insurance completely pay this loss?"

Bandits Entered 2 Local Homes

Brazen bandits invaded two local homes in broad daylight Aug. 14, according to police reports.

The homes of Charles B. Correll, 66 Porter rd., and H. Chester Witten, 9 Stinson rd., were entered in the late afternoon a week ago today. Sgt. Robert Deyermund has been investigating the cases.

Police said the Correll home was entered through a window facing the street, even though there was plenty of light and visibility should anyone have been watching.

Mr. and Mrs. Thomas Broadbent and their three children San Clement, Cal., are enjoying a vacation with the latter's mother and family, Mrs. Herbert Carter of High Plain rd.

Townpeople Express Many Opinions On Government

Residents of the town have a variety of opinions about their town government - and not all of them are good.

At the second session of the Committee to Study the Charter - held last Thursday evening - members reported on their interviews with other citizens of the town. It was stressed that the opinions presented were not those of the members, but merely reflected the thinking of persons they interviewed.

Most predominant among the opinions related were the twin comments:

The manager should be more firm, stronger. And, the Selectmen meddle in administration too much.

A strong overtone of worry could be sensed, as report after report listed taxes as a strong factor in the residents' thinking. Many praised the Finance Committee for helping keep the rate stable; some are concerned that taxes will keep going up, without end.

The School Committee came in for criticism and suggestions were made that the town manager take over non-educational functions, or serve on the Committee, or that town meeting cut the budget and let the School Committee go to court for their funds.

Concern is felt about appointments to town boards - those interviewed felt that the Selectmen should play a more vital role in this function - the charter says the manager appoints and the Selectmen approve.

There was little sentiment for a drastic change from the manager charter - one or two persons apparently felt that an executive secretary would be better but most appear to favor retention of the charter.

Some comments indicated the thought that most departments functioned properly before the change to manager, and are still doing well.

Others feel that the present administration is better, more efficient.

Some residents feel that interest suffers when so few names are on the ballot, and when people don't even know who the appointed officials are, anymore.

Central purchasing isn't working was one comment - vouchers for expenditures over \$15, and up to \$500, are required - but each department buys independently as it did prior to the change.

Complaints were heard about the recreation department.

The method of setting employees' pay was commented upon - some feel the manager should not have this ultimate power; others believe he is subject to too great pressure from the town employees because he is one man against many.

The transfer of funds within departments, and payments by one department of expenditures by another, were criticized, because there's no way to tell what the real expenditures of each department are, at the year's end.

There were contradictory reports regarding the ability to get quick and definite answers at town hall - some believe residents can now get positive answers quickly; others think there is a considerable delay in obtaining answers.

Old vs New
The old town manager vs Selectmen argument reared its head during the meeting. One or two comments about improved facilities or procedures now brought heated comments from former town officials, in defense of their conduct of the town's business.

In general, there seems to be some feeling that the Committee should look at the town prior to town manager and compare structure and costs with the present.

Others believe only the present should be studied, in terms of how the charter is being carried out in practice.

Appointment of sub-committees was delayed because of this discussion, and members agreed to review the charter itself, in terms of the reports given, before making up their minds.
